

WHAT IS SO EXTREME
ABOUT NOT WANTING
TO HURT YOU?

Connecting with
animals will bring
you great happiness.

**When you look into
their hearts, you see
a soul, not a product.**

When animals stop being
“something” and start being
“someone,” the way we see
and treat them transforms.

**I think you do it a step at a time,
a day at a time, a mouthful at a
time, a food choice at a time, a
purchase at a time, an order at
a time, a meal at a time. And I
think we will change the world
one heart at a time.**

~John Robbins

Being vegan
is not a trend.

It's an
awakening.

You don't need to fix
the world...

Just hold your light
where you stand.

Your frequency
is your contribution.

"Shocking, heartbreaking, and full of compassion." —Jane Goodall
