The first cruelty is deciding
my life matters less.**

The fundamental need
to protect our children
is universal.

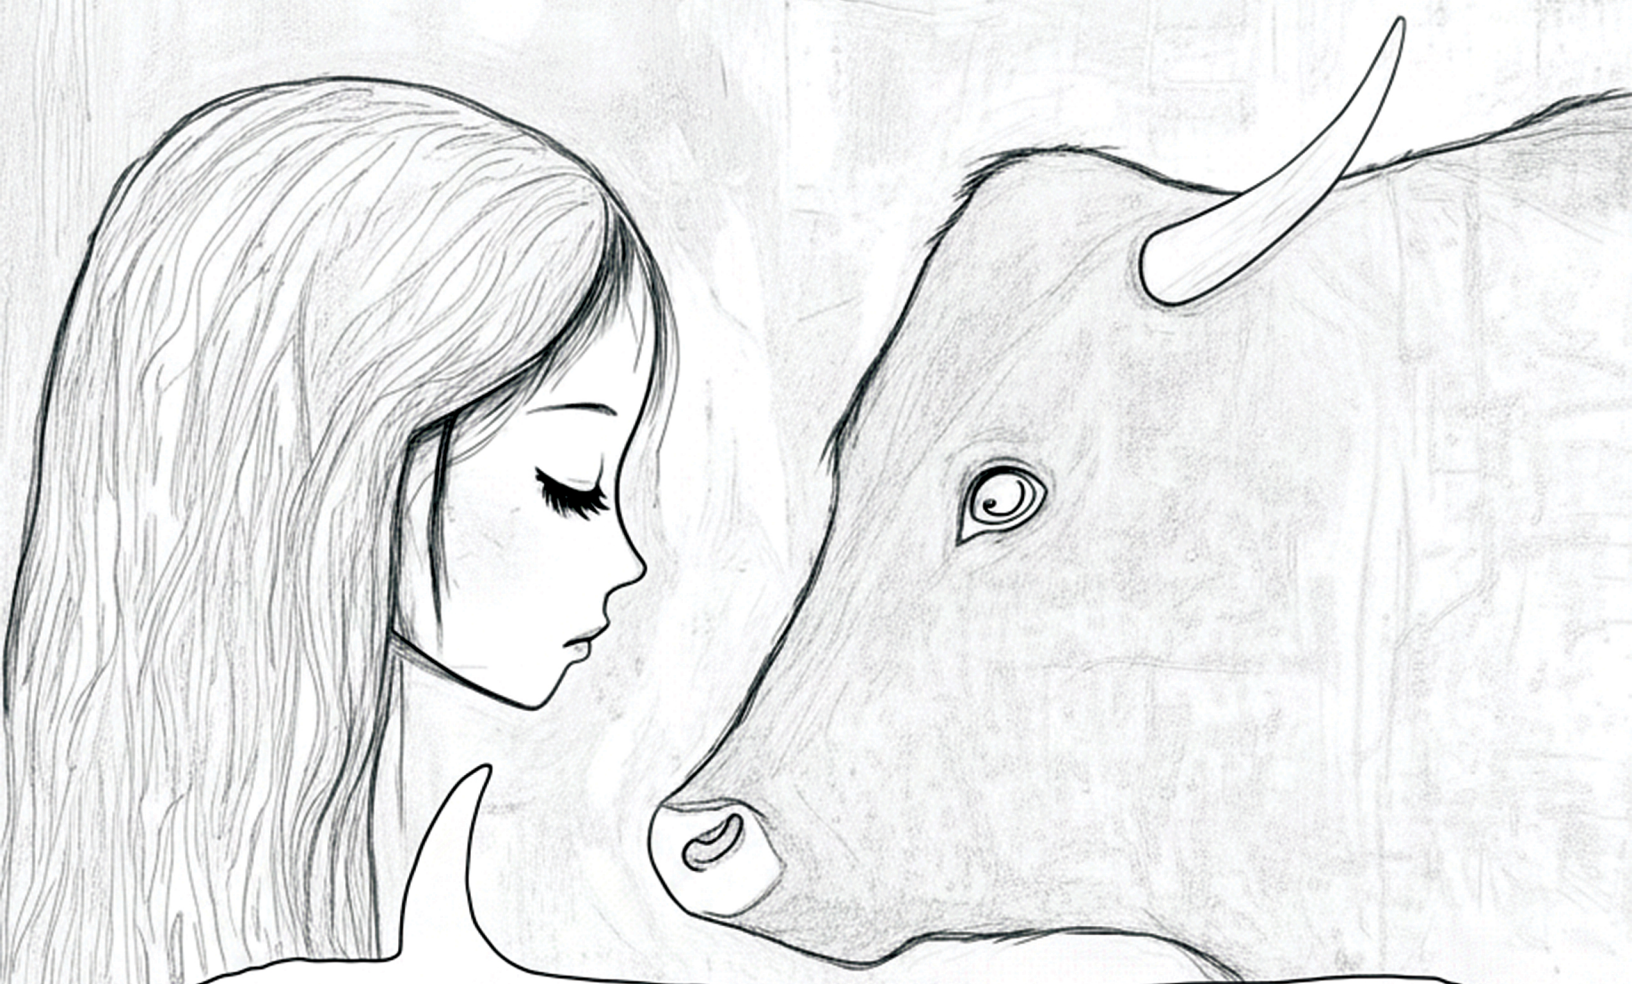

I DON'T EAT PIGS FOR THE SAME
REASON I DON'T EAT DOGS.

**Choosing empathy over
taste changed more
than my diet -
it changed
me.**

WHAT IS SO EXTREME
ABOUT NOT WANTING
TO HURT YOU?

Connecting with
animals will bring
you great happiness.

When you look into
their hearts, you see
a soul, not a product.

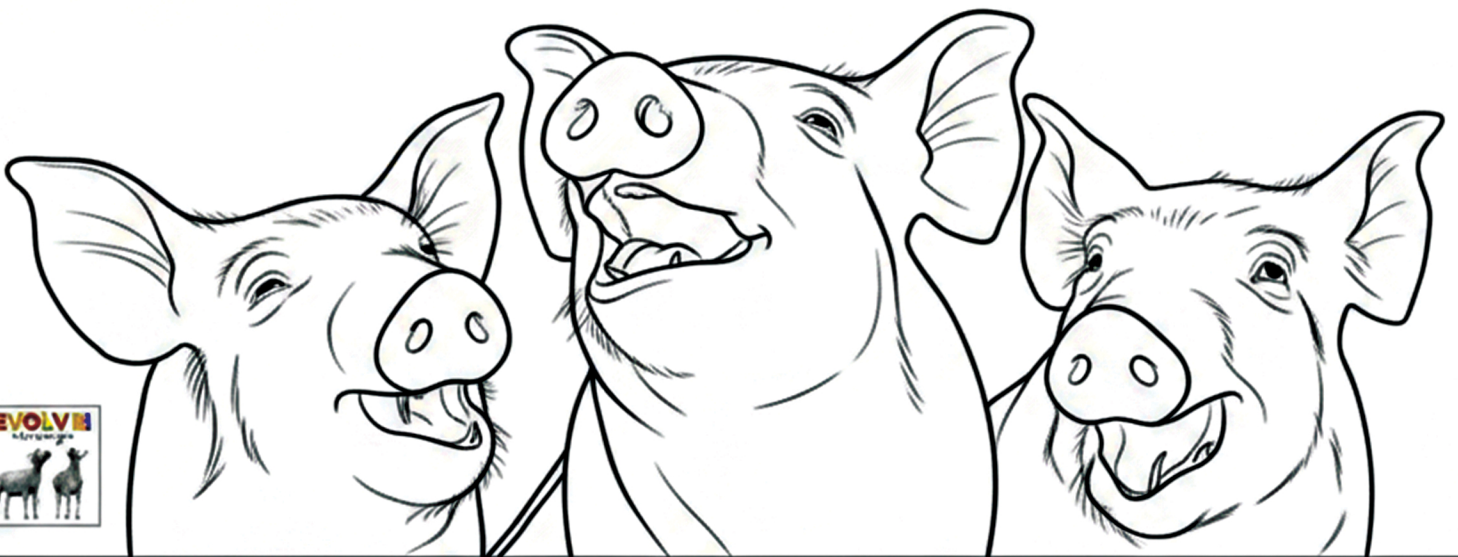

When animals stop being
“something” and start being
“someone,” the way we see
and treat them transforms.

**I think you do it a step at a time,
a day at a time, a mouthful at a
time, a food choice at a time, a
purchase at a time, an order at
a time, a meal at a time. And I
think we will change the world
one heart at a time.**

You don't need to fix

I don't miss

I regret not

A black and white line drawing of a young woman with long hair in a ponytail, looking down with a sad expression at a frying pan on a stove. In the background, a table holds a teapot and two bowls. A bowl of eggs sits on the counter, with a small chick nearby. A large thought bubble from the chick contains the text. A speech bubble from the woman contains another line of text.

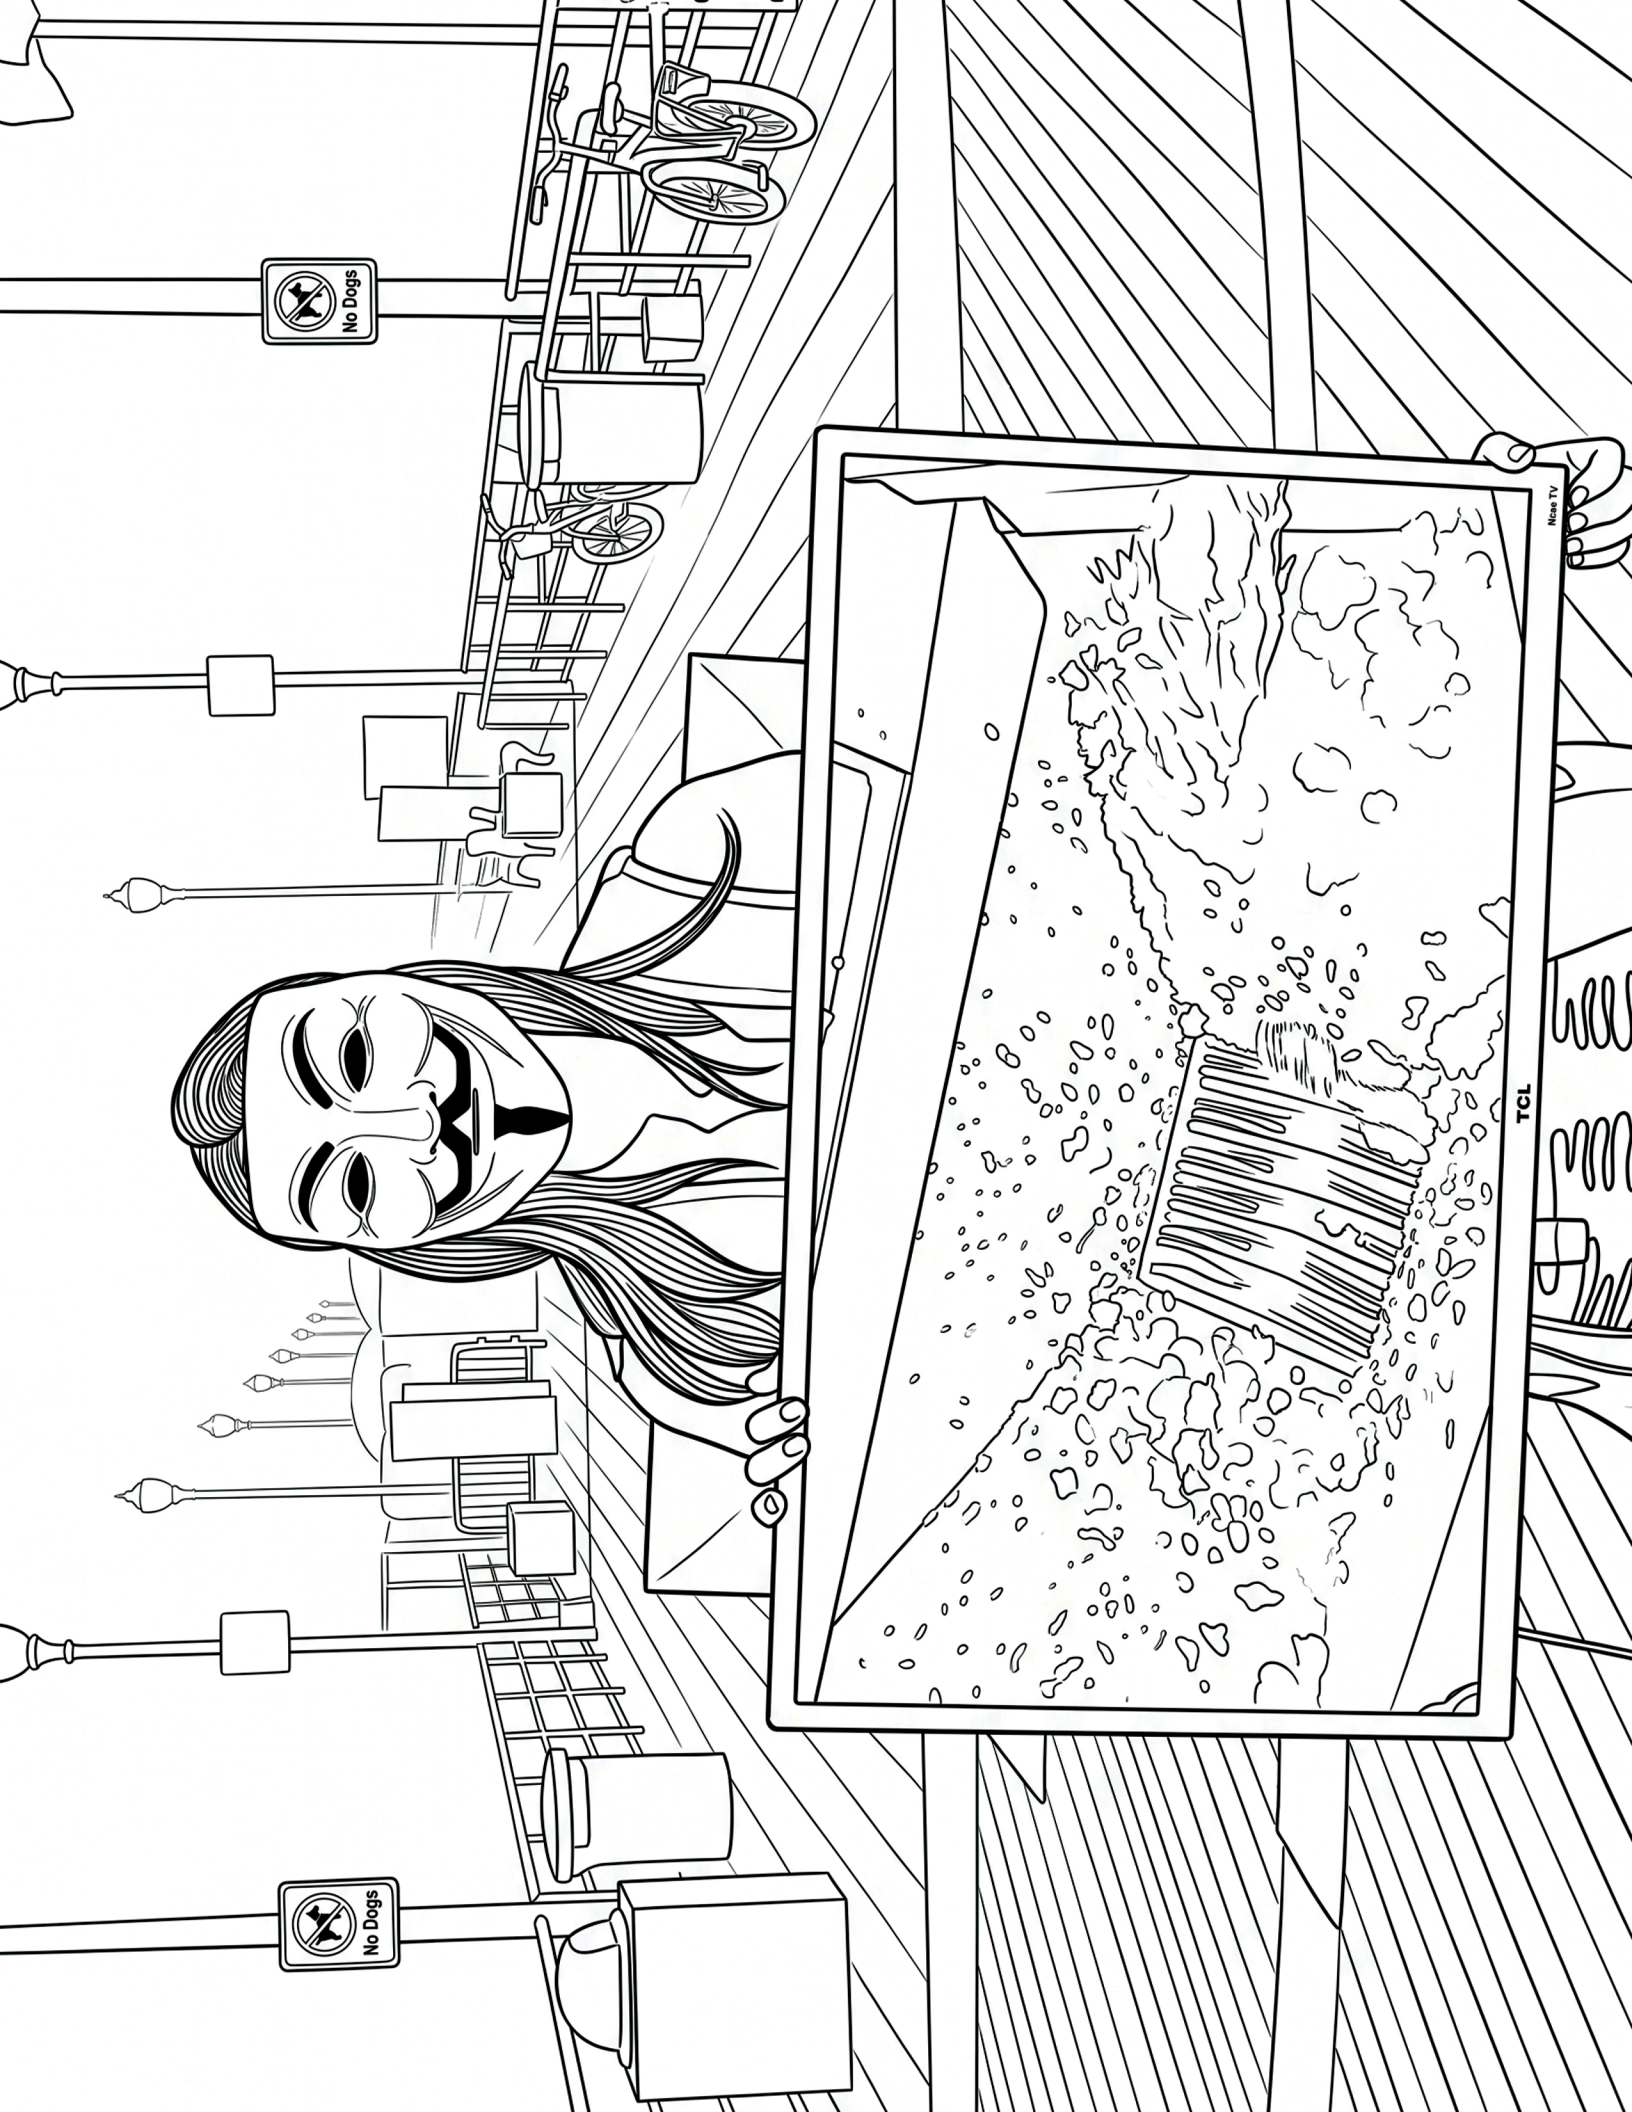

I was
macerated
alive because
I'm a boy and I
don't lay eggs

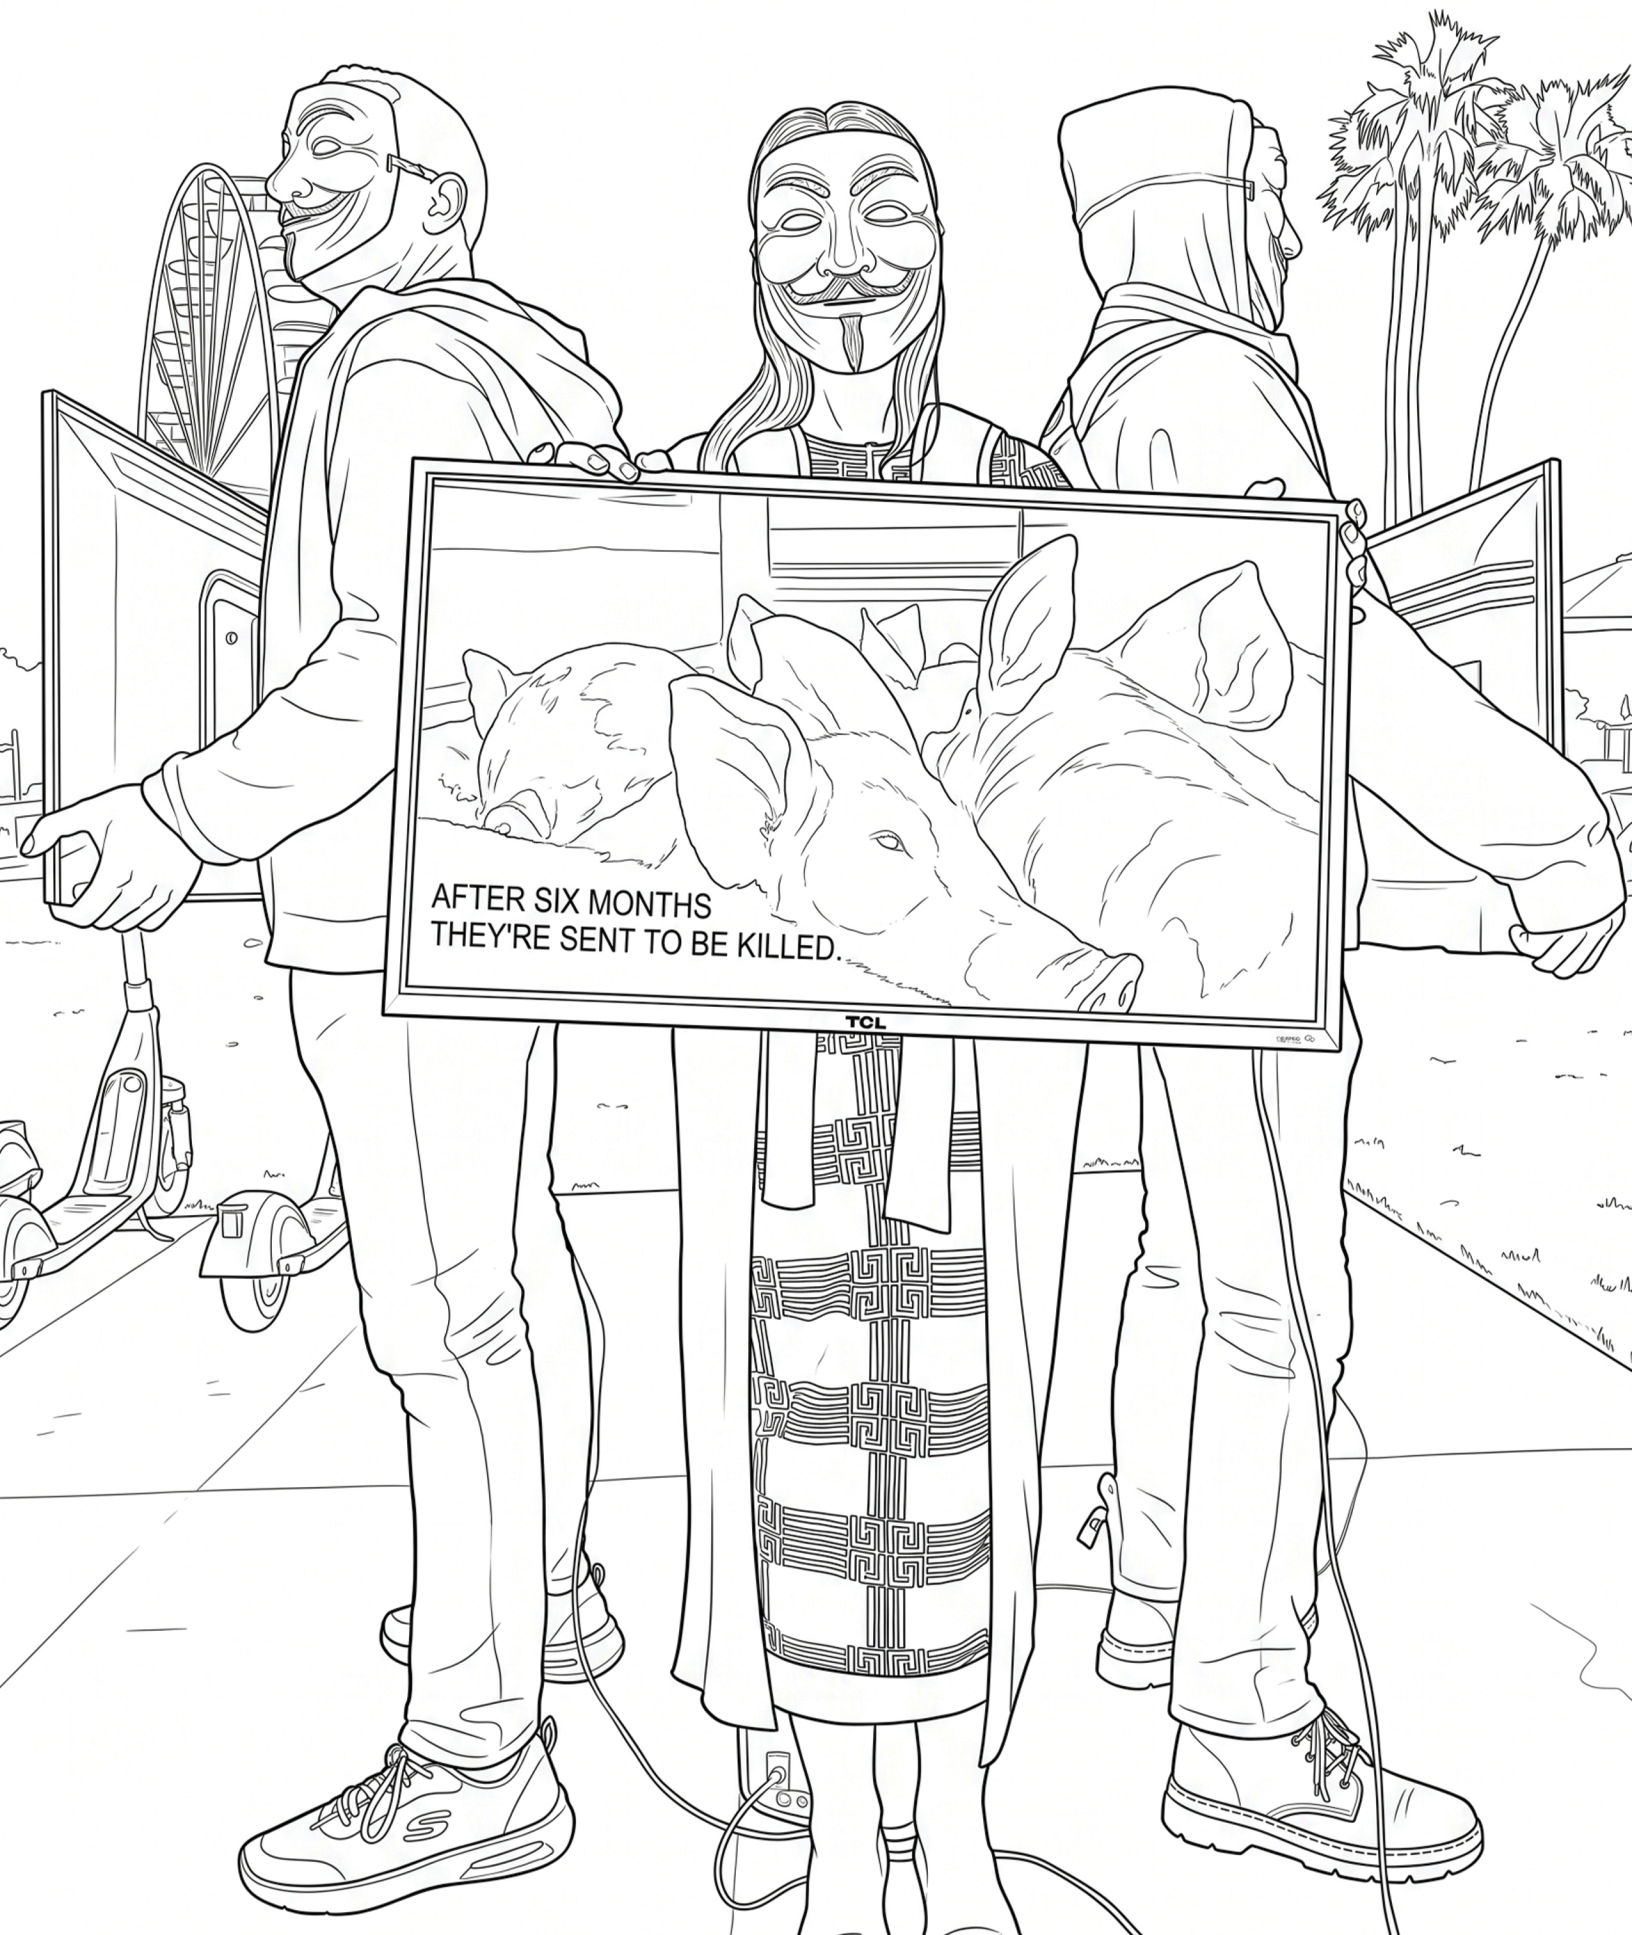

that's horrible

I want to live

AFTER SIX MONTHS
THEY'RE SENT TO BE KILLED.
